

IZBrunch

Science meets Science

NETWORK-
EVENT IM IZB

Thursday, January 26, 2023 | 10.45 to 13.00 Uhr

Welcome / Moderation

Dr. Peter Hanns Zobel, Managing Director of the IZB

Topic: News from the IZB

Speaker

Dr. Kikuë Tachibana

Director at the MPI for Biochemistry

Topic: How does life start?

Life begins with a transcriptionally silent embryo that is "awakened" to enable development. Despite the importance of this process, the reprogramming factors that activate embryonic transcription are largely unknown. We recently identified Nr5a2 as a key pioneer factor that awakens the mammalian genome.

Speaker

Christine Schuberth-Wagner

CSO Catalym GmbH

Topic: An introduction and update on CatalYm

Catalym has identified GDF-15 as a central regulator of the immune system in the tumor microenvironment. We are pioneering the reversal of GDF-15-mediated immunosuppression to induce a potent antitumoral immune reaction in non-responsive tumors. CatalYm's lead program CTL-002 is poised to demonstrate clinical proof-of-concept in multiple solid tumor indications which will expand the treatment horizon for current and future immunotherapies.

Registration/Contact:

Susanne Simon

Head of Public Relations

Innovation and Start-up Center Biotechnology (IZB)

Am Klopferspitz 19

82152 Planegg/Martinsried

Phone.: +49 (0)89 55 279 48-17

Mail: izb@izb-online.de

www.izb-online.de

Location:

Faculty Club G2B

At the Klopferspitz 21

82152 Planegg/Martinsried

Registration:

10.30 a.m. at the reception
of the CAMPUS AT HOME

Start of the event:

11.00 a.m.

Format:

Face2Face event with keynote presentations (15 min.) plus Q&A followed by business lunch.

Participants:

The event is limited to 60 people.

For Whom.

Faculty Club members, directors and junior group leaders of Max Planck Institutes, LMU professors, managing directors and board members of IZB companies, and executives of the Martinsried/Großhadern campus.

Declaration of consent:

By participating in the IZBrunch, you agree that pictures and videos taken during the event may be used for promotional purposes, on the homepage and in the context of press relations.
